“ I only got to work with Jay for 8 months but he made sure to come talk to me every morning. Over our morning chats I got to know him pretty well. He would tell me about his daughters, he granddaughters who he absolutely adored, and always what he was watching on Netflix. There is a hole in my heart and I didn't realize how much I would miss his smile and his happy demeanor. We already miss him so much! Things just aren't the same here and they never will be.

Sheila - April 27 at 11:27 AM

“ Every morning he came by each cubical to said hello, good morning, how we were, and had a smile on his face. We shared our coffee stash and was the person that help me when I started how to search for plat, jurisdiction, and what to refer to Planning and Zoning. He was a wealth of knowledge that will be miss. I will miss you on our lunch get together, but will be thinking of you.

“ Jay was the biggest ray of sunshine in our office! Not a single day went by without Jay stopping by your cube to say good morning or to ask how your weekend was. I never tired of hearing about his weekends with his grandbabies and he always had a great Netflix recommendation on Monday mornings. I only knew Jay for a year, but he dedicated his life to serving the public and befriending everyone he met. I'm fairly certain I've never met a nicer person than Jay. We should all strive to be a little bit more like Jay and the world would be better for it. He touched the lives of many and I know his memories will continue to live on through all of us that knew him. My deepest condolences go out to his family.

Ashley G. - April 26 at 07:27 PM

“ Just heard and very saddened by Jay's passing. We both came to Charleston County the same year. Me with the Planning Department and Jay with Public Works. On Mondays we would inspect Plats Land Surveys for land use and drainage. Road many miles and covered most of Charleston County during a period of five years. For over 29 years we would work on other things. After I retired we still stayed in touch. Jay you were an awesome friend and shared many laughs and stories. Rest in Peace and job well done my friend.

John n waring - April 26 at 06:36 PM

“ I recall Jay was the first person to introduce himself when I first moved into the Public Works offices a little over a year ago. He would always come by daily to say hello and check on how I was doing. His kind and pleasant demeanor will be missed by all. It will not be the same without him. His was a good man.

John Martin - April 26 at 04:55 PM

“ Many years ago, I asked Jay if he were a fighter pilot what his nickname would be and he answered with his causal draw, "Jaybird." We got a good laugh because the answer was so perfect. I'll miss these casual conversations that always ended with a good chuckle. My deepest condolences to the family and you will be missed by so many Jaybird.

Ryan - April 26 at 09:45 AM

“ I am heart broken of Jay's passing. I started working at the Public Works Department in 1997. Jay was one of the first to introduce himself. We were friends from that day forward. He always made me laugh. Rest in peace my dear friend. I will truly miss you.

Sue Frost - April 26 at 06:46 PM

“ I worked with Jay for 18 years and he was always so happy, positive, and charming. He would ask about my "baby" every single time I saw him... and I know he asked the last time. She's 13 now, but he's such a caring family man, he knows she will always be my baby and he genuinely cared about me and my family. I am sure he was the best dad and grandad. I will miss your smile and greetings Jay. An outstanding public servant. Prayers to his family and friends.

Jenny Werking - April 27 at 08:34 PM

Trae West - April 25 at 06:25 PM

“ Jay, I certainly enjoyed the years we worked together at Charleston County Public Works. You always had a smile on your face and the nicest guy to talk to about anything. You always took direction on job tasks without being bitter or apprehensive about it. Thank you for brightening up my life and being such a wonderful employee! You will be missed my friend.

Jim Hutto - April 25 at 06:08 PM

“ Jay, you will be missed by everyone in Public Works and especially by me. Every morning you would make a trip to the other side of the office to say good morning and we would chit chat and talk about the latest movies on Netflix. Way back in 2002 when I was first hired, you were the one to teach me how to research jurisdiction and you were kind enough to share your secret places to look for things. You always had a smile on your face and a positive attitude no matter the situation and you were such a good sport when we would all tease you. Rest in peace, Jay.

Beth Cornelius - April 25 at 05:03 PM

Brian Hayes - April 25 at 03:27 PM

“ Jay will be so missed by many people. I had the pleasure of getting to know, and working with Jay, when I started with Public Works three years ago. Every day he would come by and say good morning and chat for a few minutes. He loved his family and we spent many days talking about his granddaughter and things they had enjoyed on weekends. He was always happy and had a kind word for everyone. God Bless you Jay. I will miss you. Teresa Vickers

Teresa Vickers - April 25 at 03:07 PM

“ Although I only knew Jay for a few years, I will always remember him for his positive attitude, the love he had for his family, his dedication to Public Works, and, of course, his big smile. When our departments merged and we moved into the Public Works space, Jay was one of the first to greet me and offer any help he possibly could. I always admired that he made a point to stop by everyone's office every single morning to say hello. Even if you came in late that morning, he made it a point to find you later on. It was a daily reminder of what was important and how to start the day- That your relationships with your co-works, family, and friends come first. We will miss him dearly and wanted to extend my deepest sympathies to his family.

Mackenzie Kelley - April 25 at 10:50 AM

“ Jay, you will be terribly missed by me!! Each day you came to say good morning with a smile, followed by asking about my family and I doing the same with continued conversations throughout the day about work and life. Your daughters and grand babies were the highlights of your life. I inquired about you often during the week and hearing this news brought me to tears. I know you're at peace! My deepest condolences to your family. Rest easy my friend!

Syretta Blowe - April 24 at 05:01 PM

“ Jay will certainly be missed in the office. He would always make a point each morning to stop and sincerely wish you a good morning. What a great and uplifting way to start the day! I can't imagine the office without his smile. My sincerest and heartfelt condolences to the family.

Eric Adams - April 24 at 01:33 PM

“ My heartfelt condolences go out to Jay's family and friends, he was one of a kind with a smile that could light up a room! I've known and worked with Jay since 2006, he never failed to say good morning and ask about how my daughter and my dogs were doing. We shared laughs on many occasions. Jay had made many friends throughout the County over his 42 years of service and our entire Department is deeply saddened by his loss. He will truly be missed!

Nancy Clark - April 24 at 11:25 AM

“ Jay, this saddens my heart to see your name in the paper. Who am I going to pick on in the hallway now? Who is going to help me carry my stuff to my office and be the hallway keeper? Who is going to keep me informed with what is going on in PW. Jay you will be greatly missed! My condolences goes out to your family and your 2 beautiful daughters and your grandbaby that you talked so much about and love so dearly! The hallways in the PSB will have a different atmosphere cause your presence will no longer be seen, but I will hold on to our last conversation and how you said you was proud of me! Take your rest my colleague until we meet again!

Synovia Green - April 24 at 07:45 AM

“ The last time I spoke with Jay he called to make sure I was still working at the county we had a huge department changeover. He’s said he had to call to just hear my voice that his favorite condemnation paralegal was still at the county. His smile and positivity are already missed in the PSB hallway! Rest In Peace my Friend!
