“ Anthony Gibbs ... Tony..My Uncle Tony was a big influence in my life. Uncle Tony was a mans man, one of the realest people i ever met, sturdy, upfront, honorable, educated and always up to share or gain knowledge.. Never give up attitude.stood on principal.. He had a heart of gold and would give the shirt off his back if you needed..he was also the man that would take no mess lol..Tony never bit his tongue. . He had jokes for days, and would always tell me.. son, laughter is the best medicine..My uncle is a Traveling Man, stood on his square!! He loved his family, his wish was to keep the family connected and always keep a central site for gatherings and family communication which he was big on. Complex and imperfect to some but perfect for me. He treated and loved me like I was his own son. I was alot like him, more than my father and we shared a strong bond. My dude!!! He changed my life and kept me strong. Although Im not ready to let go, Im happy that your struggles and suffering are over. You are a General, Patriarch.. Anthony "Tony" Gibbs. You impacted this world, itll never be the same.. Love you Unc, see you on the otherside. Salute!!!!

I want to thank everyone for their condolences and words of comfort. My Dad instilled pride, love for knowledge of self and ethnocentrism, and work ethics into my sister Keysha and I. He is responsible for fostering who I became and my success. I will miss him so much. He always gave encouragement to everyone-- even when things looked bleak. I thank God for being a merciful and grace-filled God.
