“ Eugene Caldwell was an intricate part of Charleston County DSS' Child Protective Services Division. He started as a worker, then supervisor, and Program Coordinator. His focused remained on the welfare of the children and their families as well as the staff he supervised. I am grateful to have worked under him and value the lessons I've learned.

May the memories of a life without encumbrances be the joy in the family's heart. "Gene" was well respected by many workers at DSS. His life was dedicated to caring for people in the US Army and children in Charleston County. God continues to get the glory for another purpose filled life lived.
