“*Mrs. Moseley was my music teacher at Murray Lasaine Elementary School. She was also my piano instructor when I was about 9 or 10 years old. I just recently drove by her home and thought about how she would tap her ruler on the piano during our lessons. She has touched many lives over the years. May GOD's peace be with the entire family.*

“ Dear Family, I was so blessed as a young assistant principal to work with Mrs. Moseley. She was a very caring woman. I can hear her calling my name. Her smile, her way with the kids and the staff spoke volumes about her deep faith. Her life touched and blessed many including me. I've never forgotten the day a snake from one of the science aquariums got loose in the school and found it's way to her classroom in the back hall. What a great lady. She will be missed by all who knew and loved her.
