“ I’m so sad that I was unable to say final farewell to Glenn and to be there for all of the family. Sheilah and I grew up -like family- with all of the Ross’s except for Loleta who seemed like Avis, too young to share lots of memories.

Glenn welcomed me with open arms when I attended Vanderbilt University Hospital’s Senior Summer Nurse program in Nashville. He opened his home and hospitality to my roommate and me making it a most memorable experience.

Glenn and I kept in touch by phone frequently over the years. We were both surprised to see each other at my classmate’s funeral in Charleston.

I don’t have to search for words to describe Glenn who was ALWAYS pleasant, kind, concerned and such a good friend. He will be missed.

“ My Dearest cousin,

The first of the 7 grands of Marguerite( Bama) and Julius Johnson(Bampa)whose names Glenn gave to them and passed down to all of us. There wasn’t a family gathering, celebration, or funeral he did hint strive to attend and was delighted to share with me how I was related to everyone. He was kind, thoughtful, and loved family.. immediate and extended as well. His sister and I had the privilege of babysitting , as teens, his sons and we felt so grown up to be entrusted with JR and Marlo.

Miss you sweet cousin,

Avis

“ *Deepest Sympathies & Condolences to the Ross family. Glenn was a brother from another mother. We grew up knowing one another as extended family. Our parents were good friends and close in family gatherings. When residing in Chicago, he would never fail to come by & check on me when he visited there. So did his brothers. Please know that he will be missed among many. God Rest his soul in peace! /Dedra Gourdine Davis*

“ *My memories: A cousin, a leader and a friend. Glenn impacted my life in several ways, he led by example for his younger siblings and cousins. He personally facilitated handing off his high school job to me when he went off to college. He was instrumental in requesting and demonstrating the need for Burke High School to add plumbing to it's industrial trades program of which he was a member of the first class. His example led me to follow in his footsteps.*

*Later in our lives Glenn visited my home in San Diego, Ca. He insisted we drive to Las Vegas to visit another cousin. We did a world wind 15 hour round trip drive to and from spending barely a hour with our very surprised yet delighted cousin. We drove the Vegas strip once and headed back to San Diego.*

*Glenn, I cherish these memories and you and I pray you're resting in peace with our Lord and Savior Jesus Christ in the room prepared for you. Wish I could be there. My condolences to his family, my beloved cousins.*
