“ Not only was Jackie an awesome Educator who I was lucky enough to be in many of her classrooms (Home Room in 9th grade) but you were also an awesome cousin, who I could always go to/call on for anything. How you let me type with one finger when I broke my hand and still got an A in Typing Class! I will miss seeing your smile and how you always bragged when we say each other about NCHS Class of '91 being the best group of students you've ever had the pleasure of teaching/mentoring! I know that you meant a lot to those kids as well and we all will cherish the memories we shared with you. You were tough but you also "keep it real"! Heaven has gained an Angel who I know will look down on us, keeping us from all hurt, harm and danger! I'm going to miss you, your smile, your wit and your love! No more pain, no more suffering because you are now in the Loving Arms of Our Heavenly Father and your whole again! Until we meet again! Love you! Michael Middleton

“ Jackie rescued me many of times in the classroom. She was my go-to substitute teacher at West Ashley High School in her later days serving in education. As a matter of fact, we had it worked out in my schedule many weeks in advance the days she could sub. No one could sub in my class except Jackie! She was so devoted and loyal, and it didn't matter if it was friendship, classroom, or the polls. We both agreed to retire together, the same year. She retired from substitute teaching, and I retired from teaching. I remember us taking photos of her last day subbing in the class. It was such a special and memorable occasion on her last day. I miss her so much, and I am so sorry for the loss to the family. She will always be known for her beautiful spirit and smile. Heaven's got a good one!

“ Jackie and I worked together at North Charleston High School for many years, in the early 90's.. In my second year, I was asked to serve as Junior Class Sponsor, followed by Senior Class Sponsor and the coordinator of graduation. Every step of the way, for two years, Jackie (who had served previously in both positions) advised me about fundraising, planning and putting on the Junior-Senior Prom, graduation logistics, etc. Whenever I had a question or needed help, Jackie was always there...with a smile and assurances that I would be "just fine." She was an advocate for all students, respected by them, and always willing to help. She will be missed. My sincerest condolences to her family and to the hundreds, if not thousands, of students she positively impacted.

I am honored to be one of Mrs. Ormond's former students (Charleston High School Class of 1978). I had the pleasure of seeing her a few years ago - what a good time we had talking and sharing CHS memories. I'll never forget those old typewriter with the handle for spacing. We laughed about the "new electric typewriters" that students tried to be assigned to... She was still the Jackie Ritter we all loved. I'm happy I got the opportunity to thank her "giving her her flowers" while she could enjoy them verbally. SIP for you will forever be remembered by your students of Charleston High School....BANTAMS!
