“ *To be absent from the body is to be present with the Lord . . . your Celebration of Life was such a moving tribute to an amazing wife, mother, grandmother, great grandmother and friend to many. I am so thankful that you accepted invitations to attend a number of events with me and Duke. Your presence made a difference. The love I observed during our outings between you and your son, left an indelible mark and was reminiscent of the love between my mother and my brother. I thank you for those talks that helped me to bring balance, and the kindness you always showed and shared. RIP you are so deserving of your "uncloudy day".*
