“ *Mable was one of the best sister in law, whom I will never forget. I remember the first day after my brother and Mable was married. My dad said to my mother “Mable is my son's bright star and this family's warm smile”. I never gave it another thought, until now because I now know what he meant when he made that statement. She always made her home inviting for others to visit and as you leave she would always remind you that she love you. She was never too busy to attend your special events to make you feel special or to offer help. Rest well my sister you have deserve your place in heaven.*
