“ Marion,
You did not know that when I you came to Atlanta Pa-Pa called me and said take care of him for me. Do not let anything happen to Marion and if he needs anything call me.

How do I do that! You were always so independent and hard working. There were times when I had not heard from you in a week or so, I would come and look for you. You always smiled, laugh, and had a fun loving spirit no matter what.

Walter remembers you laughter and how you never had a bad word to say about anything or anyone. I remember that you were a very private person and quick to get angry if someone tried to tell you what to do.

You loved deeply, truly, and forever. That was you love for your children, family, and friends. You are with Hubert, Pa-Pa, Ma-Ma, and Jan. I know they are glad to see you. And as Jan would say, "I'll see you on the flip."

Love you, your niece Mart

“ Marion,

You did not know that when you came to Atlanta Pa-Pa had already called me and said, “take care of him for me!” “Do not let anything happen to Marion and if he needs anything call me!” I never forgot it because Pa-Pa never asked anyone for anything except for one of us.

How do I do that! You were always so independent and hard working. There were times when I had not heard from you in a week or so, I would go and look for you. You always smiled, laugh, and had a fun-loving spirit no matter what.

Walter remembers your laughter and how you never had a bad word to say about anything or anyone. I remember that you were a very private person and quick to get angry if someone tried to tell you what to do, small but fearless.

You loved deeply, truly, and forever; that was your love for your children, family, and friends. You are with Hubert, Pa-Pa, Ma-Ma, and Jan. I know they are glad to see you, and as Jan would say, "I'll see you on the flip."

Love you, your niece Mart and Walter
