“ *To The Kinloch Family: I met Michael 10 years ago when we contracted his uncle, Mr. Ernie, to renovate our home built in 1852. We didn't think it could be done but Michael and the crew proved us wrong..amazing results! I will always remember Michael as a very kind, humorous and respectful man.
Peace Be With You,

“ To my BEAUTIFUL family, here we are again, sitting in bereavement. I don't know about you all, but this one really hurts. Michael and I grew up as sister and brother. Anywhere we went- especially church functions, we introduced each other as 'my sister' or 'my brother' (not cousins). We didn't call each other by our nickname- I called him Kinloch and he called me Shirley. I remember the summers at Grandmama Patsy house. We would spend time playing spades, watching you draw (especially of houses) or just telling jokes. I also remember on Sunday mornings when you would walk from SeeSee Rd (now Charity Church Rd.) to Charity Church. We NEVER lost contact. I put his first Jheri curl in. 😊. We even ended up staying in the same apartment complex at one time. Michael was and will always be known as the 'grill master' or the 'fryer'. He did not hesitate traveling with his equipments during family reunions, church functions, etc. He would give you his last if you needed it. I am still in disbelief. Michael called me the Saturday before everything happened. He didn't sound like his self. I asked him if he was tired- he said no and that he was just driving looking at some work he had to do. And we talked about some other things that was a little strange. But who knew that this would have been the last time I would hear his voice? Y'all, this hurts really bad!!!! Sleep, my brother, take your rest. We love you; but God loves you best. I will see you in that 'Great Gettin' Up Morning!!

My deepest condolences and prayers to the entire Kinloch family. Michael was not only family, but he was also a friend to many. Michael always availed himself to help others who were in need of a helping hand. He was straightforward and unafraid to speak his mind, but he was also a very generous, freehanded individual who loved his people (friends & family)

I'll always remember and cherish the old days when we were kids, hanging out on CC Road, playing basketball on the old dirt court talking noise to one another. Although we grew up and we all went our separate ways, the bond and relationships remained intact throughout the years. My heart is broken, but I know that Michael is not in our past, but in our future. Until we meet again Cuz, I love you & will miss you. Rest In Peace
