“ Dear OJ,

It hurts really bad to know that we only have memories of you now I cried so much because I could not believe it when you just called me an hr ago, I swear I wish I would've answer the phone so that I could at least hear your voice one last time!! It hurts so bad cause maybe by me answering the phone for you maybe you wouldn't been there at that time.. I love you OJ with all my heart you was a special friend to me that nobody will never understand what we had the times we did spent together was nothing but laughter and fun. Live long OJ and please watch over me and help me continue on the right path.. 🙏💕

“ *SIP nephew. Sooo sorry this happened to you. I met u once and I certainly wished that I had gotten a chance to know u better or earlier in your life but due to circumstances that im not aware of made it bitter sweet. Although your biological grand father and his six sisters and two brother (your aunts and uncles) are not mentioned in your obituary that we all love your dearly and you will surely be missed. Take your rest our handsome nephew.
