“ I was blessed to meet this family after I graduated from high school and moved to El Paso with my brother and his wife to attend college. When my brother's wife got to be too much to bear, I went to vent to Michelle about what was going on without knowing that she was on the phone with Raymond. Without missing a beat Raymond said "tell Dee to move into our house". I stayed there off and on until I married and my husband and I was stationed in Colorado. The relationship that I had with Michelle, Raymond, Kesha, RJ and Raven continued while I lived in Colorado. Although, Raymond was a man of few words; he showed just who he was through his benevolent spirit and actions. I am forever thankful for the relationship that I was able to form with this family. I will be praying for peace and understanding that surpasses all judgement. Love you Green family, you will always be in my prayers.

“ Mr. Green,

I will forever miss you my friend. You were more than a student, you were a friend, a mentor, and a rock for me when I stumbled. I will forever cherish our conversations and your laugh. My automatic transmission class will never be the same for I will always remember your enthusiasm and drive for knowledge. You will forever be missed and there will always be a void in the lives of those you touched that cannot be filled. Save a seat beside you for me so when I see you again we can have a toast to your accomplishments and love of cars.

To the family... Mr. Green as you know was a remarkable man and I watched him personally touch the lives of those around him. Pushing in a fatherly way at times and then more aggressive to those he saw something special even those that did not see it themselves. He will forever be apart of Augusta technical College Automotive Department. He was more than a student, he was family. I am so very sorry for your loss and I pray that you find comfort in the times ahead. I pray for strength for those of us left behind to carry on in his name. May we strive to be half the man he was....

Respectfully yours,

“ *Sergeant Green was a pleasure to have in our Horticulture program at Augusta Technical College. I along with his classmates were saddened to receive the news. He was a great student with an amazing work ethic, but he was an even better person. I cherish our time together and conversations. His wit and wisdom will always be remembered. We will hold the family in our thoughts and prayers. Godspeed Green you will be missed my friend!*
