“ *The memories are many from McCrorey-Liston High School as a student as well as my parents serving as educators & friends under Mr. Brown's leadership. He kept a vision of what we could become before all students, demonstrated character, administered the needed discipline and provided positive leadership and extended love to all students. The lives of so many were changed because of his service to the Fairfield County community. May the peace of God be with the family as you celebrate a life lived serving others.*

“ *To Deanie and family, I am so sorry for your loss. We were all very fortunate to have Mr. Brown in our lives during our formative years. He had a distinctive vision for McCrorey-Liston School and his goal was always to maximize the potential of his students. His advice was sage and handshakes legendary. Before sporting events his pep talks were very passionate. They always ended with “œboys do what you must but” bring home the bacon.” A philosophy obviously embraced by family members and many former students. He will be missed and always remembered.
