“ I wish to extend my condolences to the family of Rev. Dr. Rickey C. Dennis, Sr. I remember working with Rickey at the Administration for Children's Services, in New York City, during the 1980's. Rickey always exemplified himself as a caring individual , who was a thorough professional, leader, and an advocate for the children and the families that we serviced. Rickey's passing is a loss to everyone.

“ My condolences to the family of Dr. Rev. Rickey Dennis. Rickey was always a good friend of mine starting from elementary through high school and beyond. We grew up together in Kakata Liberia where we lived a couple of houses from one another when he lived with his grandaunt, we called Ma Yaya (teacher Crumb). He was always a very well-mannered and very clean person who dressed well. I would like to share this picture I took of him having breakfast when I was spending a weekend with him in Monrovia Liberia during a summer break from high school. Notice in the picture how he has his notebook/planner beside him because he was very organized and has always been that way. Also notice how meticulously he kept his afro; classic Rickey. I see Rickey in his children and even in his three grandchildren. He will always be with us through them.
