“ When I first worked at Addlestone Hebrew Academy I was blessed to be working with Sandra. Her assistant took three months off to have a baby and i was asked to fill that spot. What a gift to me. I had never worked with children before other than my own and Sandra was the best teacher I could ever have had. i wanted to be just like her. She was strict at first but we became the best of friends and had so much fun and love experiences together. She will be missed by all who knew her.

“ I knew Sandra about 30 years ago when she worked at Addlestone Hebrew Academy and our two youngest sons attended that school. Sandra worked early-morning drop-off, and always greeted our boys with a smile and a cheery "good morning!" and helped them transition from home to school. She was always a friendly and kind woman, and I treasured her skills, temperament and her way with children. I will now treasure her memory. Barbara Ribner
