February 22, 1947 - September 30, 2021

Mrs. Sandra Rhodes entered into eternal rest on Thursday, September 30, 2021.

Arrangements pending.

Tribute Wall

CR

“ Sandra was a dear friend since we started school in Mrs graham's first grade class at Awendaw elementary, which now houses Awendaw Town Hall. The school had four classrooms for seven grades with 2 grades being taught in the same room by the same teacher similar to the schools on The Waltons or Little House On the Prairie. There were 7 grades and our particular grade had the same 10 students through the 7th grade. Thought we went to different high schools we met again when I returned to Awendaw in 1997. We became even better friends as adults. She was always a pleasant lady and special friend. Our jobs intertwined at times and we shared confidences with each other. I visited with her a couple weeks before she passed and she gave me an autographed picture sh had colored. It means so much to me. I framed it and will appreciate it dearly. It was my intention to visit her again but life got busy at my house and I regret I didn't see her again. Reading Dorcus's notice made me sad that I had not tried harder to get to her. My condolences to her family. I loved and will miss my dear friend. She had so many friends and clients who liked her that are sure to want to say goodbye to her if they only knew of her passing. Rest in peace my dear friend.

“ Sandra was a friend of mine who would light up the room when she walked in it with her wonderful smile. She fought her battle with cancer with dignity and grace and will be missed by many.

“ I just found out that Sandra passed, we went through school together from the first grade all the way till graduation from high school. We also attended the same church together. I left Awendaw after graduation for a 30 year career in the Marine Corps but have kept in touch with her through the years. I knew she was sick but she never let me know how serious her illness was. I will miss you my dear friend, more than most know. My condolences to family, she was one of the finest ladies I've ever known. Semper Fi my friend.
