“ *I learned of Shelby's passing yesterday through a mutual friend and was very saddened by the news. Thank you for allowing me to be Shelby's primary care physician for the short time that we knew each other. It was always my pleasure to help in any way that I could. Shelby was suffering, and I am glad that she is suffering no more! May God continue to bless and keep your family. You are in my thoughts and prayers.*

My partner in crime at camp, she had such a light, spirit and realness to her that I will always try to emulate. Please know that her spirit and memory will forever be remembered by her 120 camp brothers and sisters from around the world. Thank you for raising such a dynamic and caring young woman.*
