Tribute Wall

MH

“ We hated our call center job so much on the weekends we would hang out and our first stop would always be barns and noble where we would look for books to help her reach her goal into getting into the medical field and she finally did it I was so overjoyed for my friend she was such a determined kind hearted caring ,but straight to the point woman and I cherished her friendship so very much I will forever keep you in my heart I loved her and will truly miss her
