“ I am so sorry to hear of Terrence's passing. I was able to make his acquaintance during his time at Tower Club Tysons. I always thoroughly enjoyed our times spent on the patio sharing some great stories with the Wednesday Crew. He always was full of love, life, and laughter. He knew how to DJ a good night, too - what a music taste! And not to mention, he had exceptional business acumen and always wise words. He will be missed. My thoughts and prayers are with his family and friends.

“ I am incredibly saddened to learn of Terrence's passing today thru one of his colleagues. He was a great man of exceptional style and exquisite taste, and incredibly generous with his time, and his talents. While I had only known him for a short time (~1yr), we quickly became friends as we had similar interests in technology, philosophy, music and hobbies.

I remember laughing it up as we carved up a brisket together, and enjoying the delicious food when it was done off the smoker, spending time on my patio with a good cigar, a nice bourbon and some friends. He would speak so fondly of his family, telling me beautiful stories of their hard work and dedication to the community. I could tell he was so incredibly proud of his family. I could his tell mom and dad did a great job raising him to be an exceptional man in a world where so very few exist.

My heart weeps for his family and friends as they grieve thru this unexpected loss. Terrence left a lasting mark on my life as I'm sure he had on all of yours.

Rest in peace, brother. I still have that cigar you gave me and I will light it up in your honor sometime soon. You will be missed in this life and I hope to see you again in the next.

“Continued prayers of comfort, peace and strength for Terrence's family, friends, loved ones, and all who knew and loved him. It was a beautiful service, and he truly lived a life well-lived between the dash.

The Dash

by Linda Ellis

*I read of a man who stood to speak
at the funeral of a friend.*

*He referred to the dates on the tombstone
from the beginning...to the end.*

*He noted that first came the date of birth
and spoke the following date with tears,
but he said what mattered most of all
was the dash between those years.*

*For that dash represents all the time
that they spent alive on earth.*

*And now only those who loved them
know what that little line is worth.*

*For it matters not, how much we own,
the cars...the house...the cash.*

*What matters is how we live and love
and how we spend our dash.*

So, think about this long and hard.

Are there things you'd like to change?

*For you never know how much time is left
that can still be rearranged.*

*If we could just slow down enough
to consider what's true and real
and always try to understand
the way other people feel.*

*And be less quick to anger
and show appreciation more
and love the people in our lives
like we've never loved before.*

If we treat each other with respect

*and more often wear a smile,
remembering that this special dash
might only last a little while.
So, when your eulogy is being read,
with your life's actions to rehash...
would you be proud of the things they say
about how you spent YOUR dash?*

“ *May Terrence Head rest in peace. I met Terrence when he was at
South Carolina State at NSBE and BEYA conferences. I was a
Lieutenant Colonel with the Army Research Office. He was bright,
energetic, smart, ambitious and like to have fun. He was an Alpha
and I a Que. Over the years we stayed in contact. The relationship
changed from mentorship into friendship. Terrence is a good man!
This is a hard one. Just talked to his not to long ago and I believe he
said he was going to Texas for a conference. Praying for the family.
The Bible declares we know not the day nor the hour...let's pray
that we will be ready! Gone too soon. LTC (Retired) D. Camps*

“ *Terrence was a Lifetime Member of the National Society of Black Engineers. It was my extreme fortunate pleasure to have Terrence serve on my national professionals board. We bonded over his love of family, good food, excellence in the workplace and friends. His laughter was infectious. His smile was genuinely from his soul. Terrence loved mentoring young men. His love for his mother was unwavering. I will always cherish the walks and talks we shared after our NSBE board meetings. Terrence is missed, but I am comforted that we will see him again. Amen.*
