“ *I was TraQuan's freshmen history teacher. He could sometimes be a handful. I remember once that I had been yelling at him for something. I turned around and the next thing I knew he walked up from behind and hugged me and with a big smile stating how everything would be alright. He was right!!! Even though he never came back into my classroom after his freshmen year, for the next three years he always made a point to smile and wish me a good day when he walked by. Love, John A. Murray*
