“ Prayers for the Family. Willie and I worked together for about 40 years. I started at Lincoln/Mercury in 1981 and Willie started about the same time. The dealer went through many hands but Willie was a constant, dependable and dedicated employee, the longest and continuous employee of probably any dealership in the area. We had many conversations over the years about Family, politics and what ever else was going on in thew news at the time. If any one new him, they will remember the old Mercury Cougar that he drove for so many years, He loved that car, I put an engine in it for him many years ago. Thank you Willie for all your years of friendship and I will miss seeing and talking to you at the dealership. RIP my Friend.

“ I did not develop a relationship with Mr. Coleman working at Hyundai, but I respected his dedication as an employee. Always quiet and to himself, always busy and moving around doing his job, always with a peaceful spirit. May he rest peacefully.

“ I had the great pleasure of working very closely with Willie at the Hyundai Store. To me Willie was much more than a delivery driver. He was by far one of the most dependable and respectful people I have ever met. Willie made the lives of those who worked with him easier. Anyone who had the opportunity to work with Willie will certainly tell you he is not replaceable and he will be missed. He definitely leaves behind a positive impact. I am sure Jesus was there to welcome him home. Rest in peace Willie.
